ADVANTAGES

- Inherited legacy application
- External dependencies
- Difficult to add new features

MVC
..... stands for

Massive View Controller

 Abbreviations.com

**MO
DU
LA
RI
SE!**

ADVANTAGES

- Testable in isolation
- More readable
- More extensible
- Portable
- Reduced compilation time
- Easier to onboard new team members

ALLOW ME TO PAINT A PICTURE

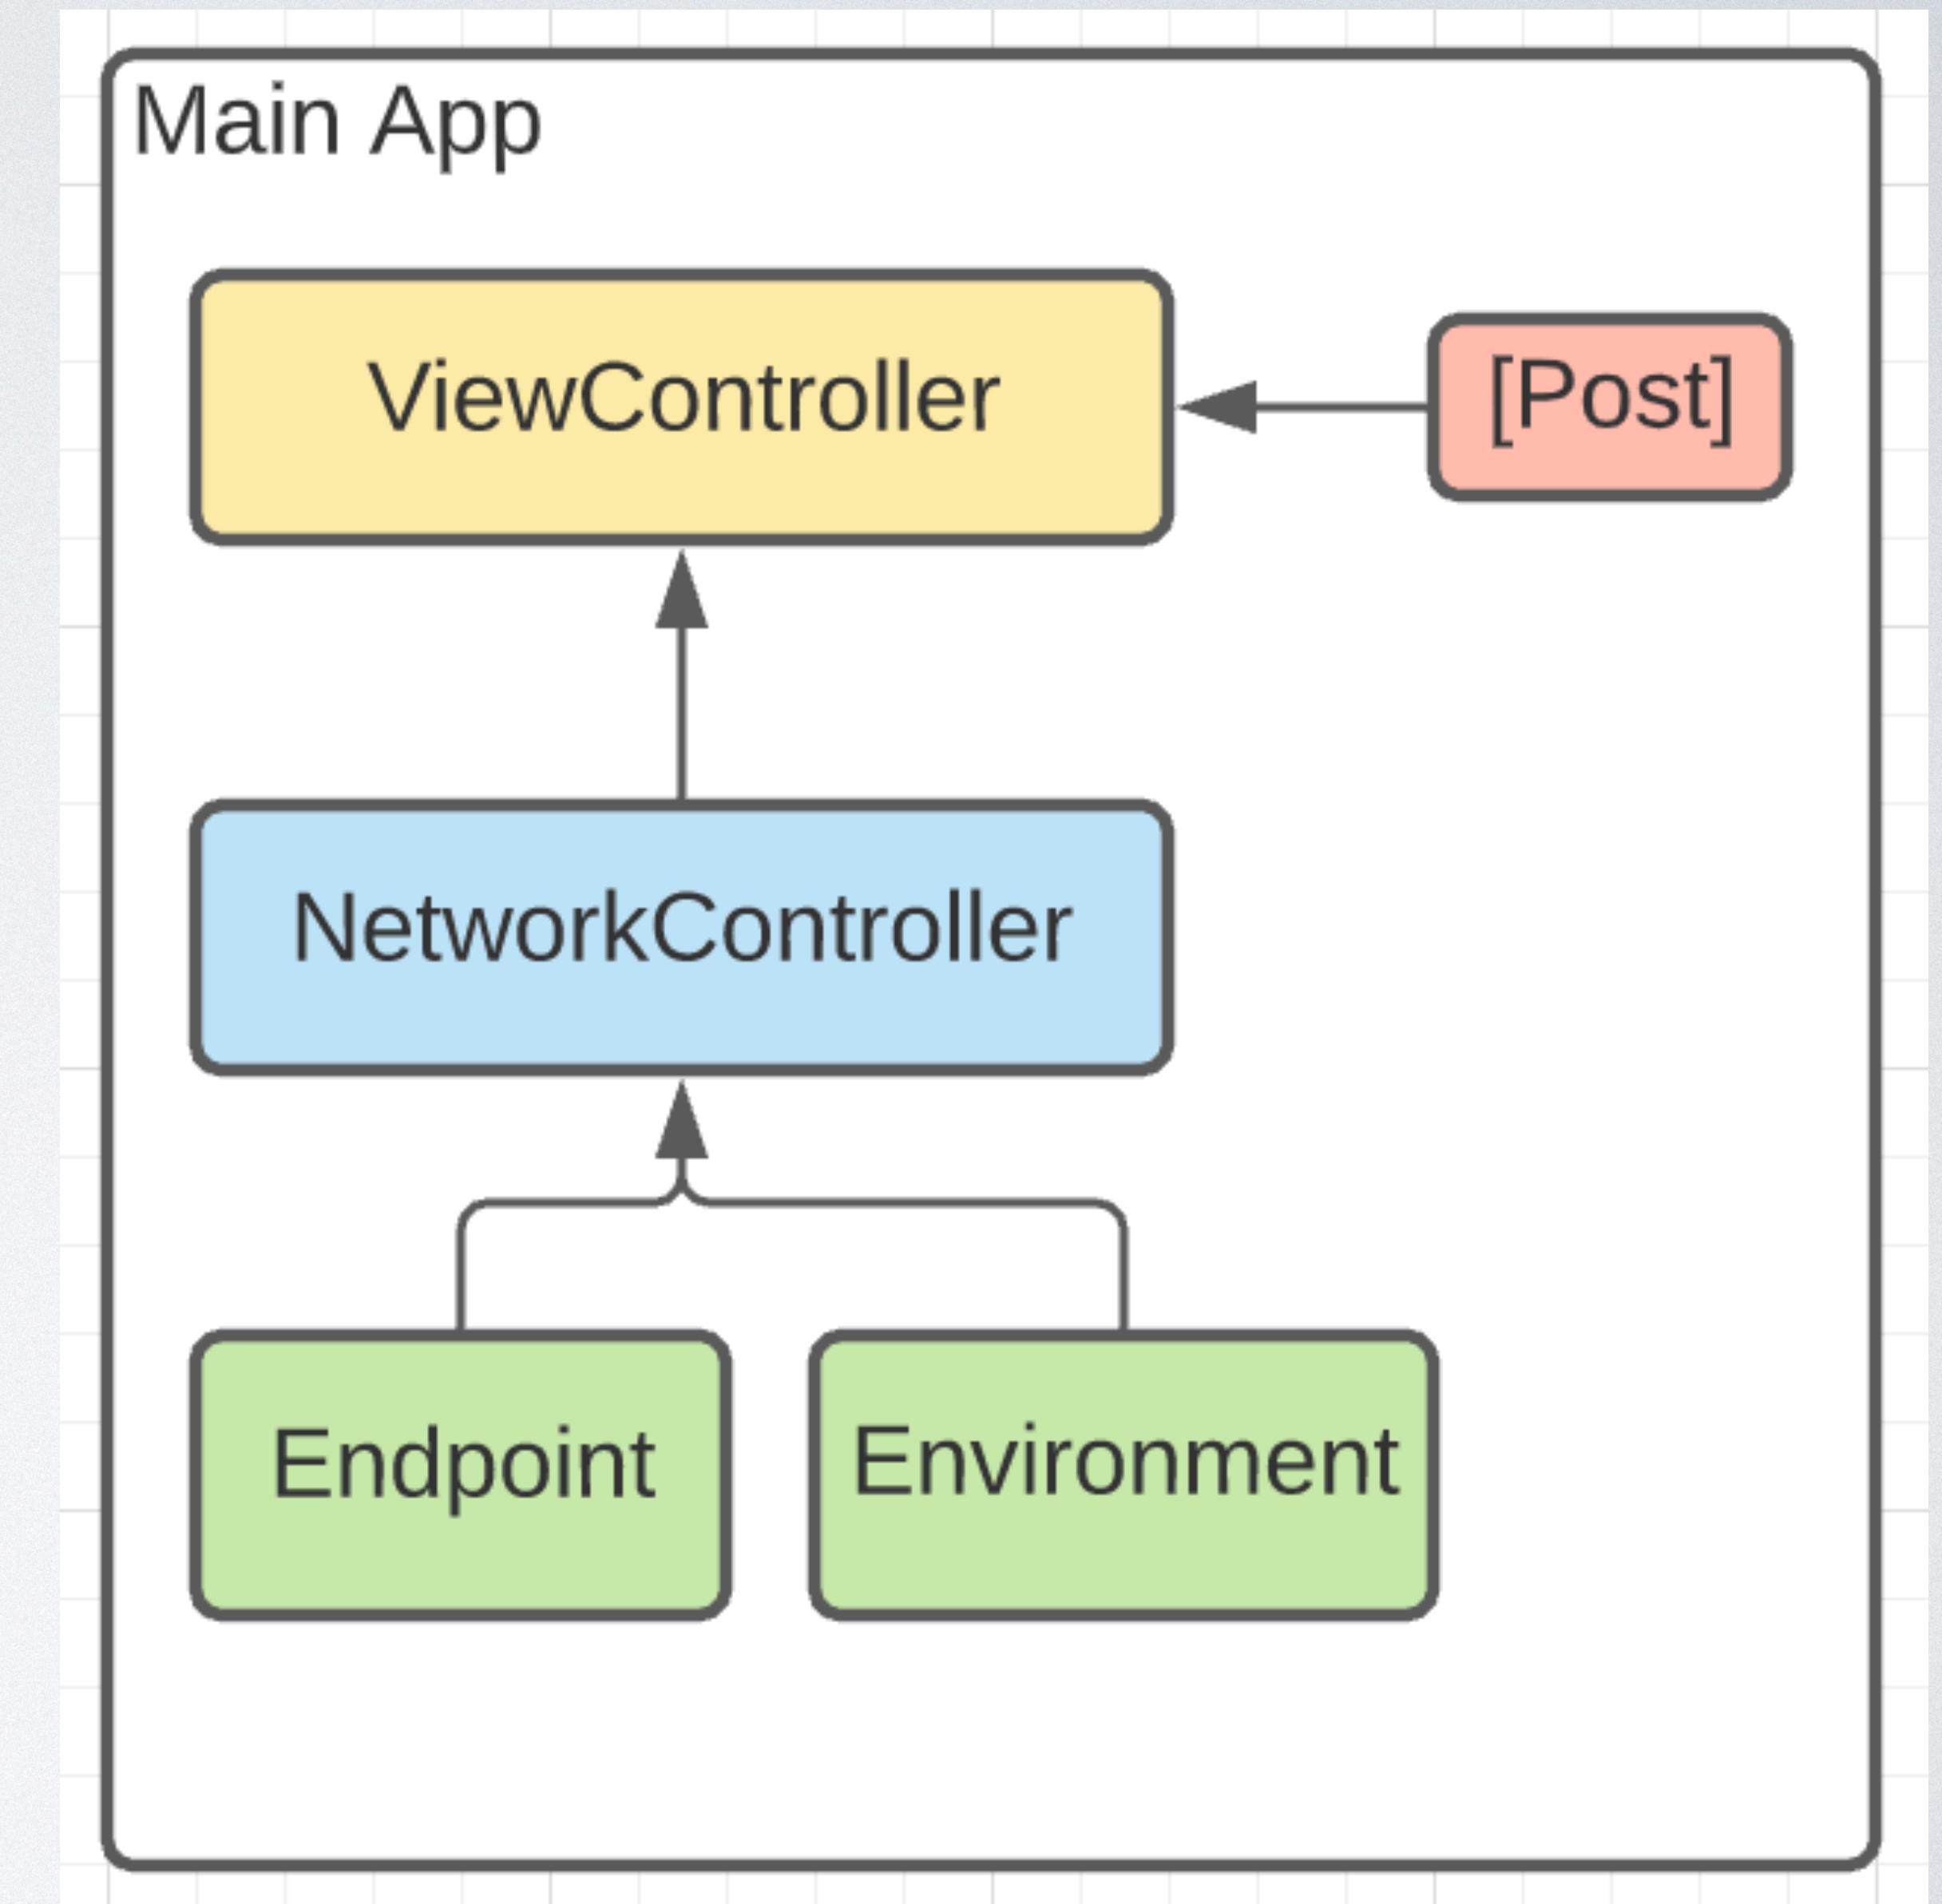

- Networking done by Alamofire
- Parsing data done by SwiftyJSON
- Code is reactive (RxSwift)
- Established with tests
- Has complicated logic
